

ADDENDA

POWER SUPPLY

MODEL 2005

The Schematic Diagram and Electrical Parts **List** have been **modified as follows:**

1. Capacitor C21 has been added directly across CR9 on the auxiliary board. This capacitor is tantalum, 10 uf, 35 vdc, part number CE-106-.35 (manufacturer 98095).
  
2. Capacitor C22 has been added across diode CR14. This is plastic film, 0.01 uf, 200 vdc, part number CP-16-2 (manufacturer 98095).
